

The Aceituno Oak

(Resolution 5909, March 9, 1999)

Nominated by Council Member Aceituno in 1999, this majestic blue oak (*Quercus douglasii*) is estimated to be approximately 300 years old and stands high on a ridgeline along Caversham Way in the Broadstone Unit #3 community. The “Aceituno Oak” is an outstanding specimen of its species and presents a great opportunity for the public to admire its beauty while also enjoying one of the more breathtaking views in the region.
