## Fiscal Year 2020-21

CITY OF  
**FOLSOM**  
DISTINCTIVE BY NATURE

### Introduction

This financial report provides an overview of the City’s unaudited financial position through the third quarter of fiscal year (FY) 2020-21 (July 1, 2020, through March 31, 2021) for (1) the General Fund, (2) Housing Special Revenue Fund and L&L Districts, (3) the major enterprise operating funds, and (4) the Risk Management Internal Service Fund. Notable cumulative third quarter to third quarter and budget to actual comparisons are included in this report in addition to year-end projections.

### Executive Summary

Through the first three quarters of FY 2020-21, the COVID-19 public health emergency continued to cause a sharp downturn in the City’s revenues. Restrictions have continued to effect Parks and Recreation programming revenues more than other revenue categories. This has resulted in a projected \$860,000 loss in Parks and Recreation programming revenues by June 30, 2021, compared to the budget and \$1.6 million when compared to the prior fiscal year. The City did receive \$1.01 million in CARES Act funding which has been used to offset the costs associated with keeping customers and staff safe both in City buildings and out in the community. The City also received a credit from the state for unemployment costs. The total unemployment charges through the 3<sup>rd</sup> Quarter of FY 2020-21 were \$244,756 of which \$117,735 was offset by the credit. The unemployment costs were due to all temporary staff released due to the pandemic. The total projected year-end General Fund revenues are \$90.31 million and projected expenditures are \$89.20 million.

We project the General Fund’s unassigned fund balance will increase from \$13.78 million to \$14.72 million at the fiscal year end. Below is a chart of the unassigned fund balance over the last ten years and displays the projected change from FY 2019-20 to FY 2020-21.

## General Fund: Operating Revenues

The following table includes cumulative revenue comparisons through the third quarter of FY 2019-20 and FY 2020-21 and a revenue budget comparison for FY 2020-21 with year-end projections.

General Fund operating revenues through the third quarter are \$54.05 million, or 3.05% above the same period in FY 2019-20. Revenues are at 60.36% of the budget through the third quarter of the current year, primarily due to the timing associated with receiving some of the larger revenue sources. For instance, property tax is the largest General Fund revenue source, but funding is received in two installments. The second installment will be received during the fourth quarter of the fiscal year.

The following is an explanation of the notable variances:

- Property tax revenues exceeded last year's cumulative third quarter by 6.61% or \$971,000. The number of home sales from July through March was 772 and an increase from the prior year of 160 sales (26.14%). The median sales price has also increased by approximately 7.96%. The property tax revenue projection for Fiscal Year 2020-21 year-end is the budgeted amount of \$29.88 million, which would exceed the prior year by \$1.08 million or 3.75%.
- Sales tax revenues also exceeded last year's cumulative third quarter by 3.49% or \$498,000. Except for the categories of construction, business to business and the countywide pool, all other categories show a decrease in a quarter-to-quarter comparison and only construction and the countywide pool show an increase when compared to the same quarter from the prior year. It is not surprising that the categories of apparel stores and restaurants show the largest declines due to closures caused by the public health emergency.

Based on the latest sales tax forecast, sales tax is trending to end the year slightly above the budget at \$23.50 million, an increase from the prior year of \$884,000 or 3.91%. Below is a graph showing sales tax revenue for the current fiscal year and the past five fiscal years.

- Transient Occupancy Tax (TOT) collections are at \$718,000 through the third quarter and are projected to end the fiscal year at the budgeted amount of \$1 million, a decrease of \$677,600 (40.39%) when compared to the FY 2020 amount. This decrease is due to hotel stays being severely reduced during the public health emergency.
- Charges for services, including Building fees, Parks and Recreation user fees, and Ambulance fees are at \$8.6 million through the third quarter and are projected to end the fiscal year at \$12.54 million. The current projection is \$25,000 more than the prior year amount of \$12.51 million. The revenues from Parks and Recreation fees through the third quarter have continued to be impacted especially hard as facilities and programs have had to reduce attendance or stop all together. The Parks and Recreation charges through the third quarter were \$788,000. When compared to the prior fiscal year this is a decrease of \$2.16 million (73.24%). Ambulance fees through the third quarter were \$2.81 million and compared to the prior fiscal year this is a decrease of \$403,500 or 12.55%. The projection for Ambulance Fees at fiscal year-end is \$3.97 million, which will be a decrease from the prior year of \$611,000 or 13.36%. Community Development charges are at \$2.77 million through the third quarter and are projected to end the fiscal year at \$3.76 million. Compared to the prior fiscal year this would be an increase of \$934,000 or 33.07%.
- License and permit fees quarter to quarter increased \$84,000 and are projected to end the fiscal year at \$3.75 million which would be an increase of \$1.34 million compared to the budget and an increase of \$465,600 when compared to the prior year. The increase is due to continued development activity predominately in the plan area.
- Other revenues increased, 44.76% or \$272,000, over the third quarter FY 2019-20. The increase is due to the discontinuance of the sewer credit program with Sacramento Regional Sewer District (SRSD). SRSD remitted to the City its portion of the balance in the program, in the amount of \$293,954.11.

The amount received from SRSD and the \$1.01 million received in CARES Act funding totals \$1.30 million. It is interesting to note that without this additional unexpected \$1.30 million the year-end projection would be \$89.0 million and would be \$535,000 less than the budgeted amount.

## **General Fund: Department Operating Expenditures**

The following table includes cumulative third quarter actual expenditure comparisons for FY 2019-20 and FY 2020-21 and an expenditure budget-to-actual comparison for FY 2020-21.

	FY 19-20 Actual Mar. 31, 2020	FY 20-21 Actual Mar. 31, 2021	FY 20-21 Budget	FY 20-21 Projected	Over/Under Budget	% of Budget

Overall, cumulative third quarter General Fund expenditures decreased 9.18% compared to the prior year. This is in part due to a planned decrease in the budget due to anticipated revenue reductions related to COVID-19 restrictions. General Fund expenditures are coming in at 73.04% percent of the budget through the third quarter of FY 2020-21. The projection for the end of the fiscal year is for expenditures to be at \$89.20 million which would be \$342,282 less than the budgeted amount or 99.63% of budget. Staff has been diligent to keep expenses from exceeding the budget, which was already reduced, and this is seen in the projection of the fund balance at year-end.

The table below shows a comparison for FY 2019-20 and FY 2020-21 for each General Fund Department.

The following is an explanation of the department specific variances of year-end projections as compared to the budget:

- Community Development department is projected to end the fiscal year \$1.18 million (20.98%) over the budgeted amount, which is mostly due to anticipated increases in contract costs that are mostly offset by increased revenues.
- Fire department is projected to end the fiscal year \$1.93 million (9.32%) over the budgeted amount, which is mainly seen in overtime costs, vehicle maintenance and contracts. Overtime costs have been impacted by employees out after an exposure to COVID-19. Contract cost increases are due to outside costs for plan checks.
- Management and Budget department is projected to end the fiscal year \$168,000 (3.46%) over the budgeted amount, which is mostly due to increased software maintenance costs.
- Parks and Recreation department is projected to end the fiscal year \$1.03 million (6.84%) less than the budgeted amount, which is mostly in capital outlay costs of approximately \$431,000 mostly for the activity

pool renovation and savings in salaries and benefits of approximately \$643,000 which is due to reduced programming. The salary savings is off-set by the increased costs in unemployment of \$348,000.

Overall General Fund departments' expenditures are trending at budget (in line with the 75% expectation) at this point in the fiscal year.

## Enterprise Funds:
