You have received this feedback from Warren Truitt <[REDACTED]> for the following page:

<https://www.folsom.ca.us/government/community-development/planning-services/river-district-master-plan>

I do not support any River District development on Bureau of Reclamation (BOR) owned & CA State Parks managed, lands, other than projects proposed by & approved by these two government organizations. To me, the River District proposals on land not owned by the City of Folsom are specifically intended to enhance economic development for the city. It is interesting that Folsom does not acknowledge that users of Lake Natoma come from all over the County & beyond. The latter's interests and voices are not being sought. Keep the Lake Natoma area the way it is, a beloved recreational & nature specific asset.
